WEIGHT LOSS SURGERY PROGRAM CHECKLIST:

Verification of Benefits: Call your insurance company to verify if you're covered for weight loss surgery.

The following are required of all weight loss surgery patients prior to scheduling surgery; you can rely on the Bariatric Coordinator or Lone Star Surgical staff to help you set up appointments.

Primary Care Physician: Letter of Medical Necessity including past medical/surgical history, past diet & weight loss attempts, statement of support for weight loss surgery.

Cardiology: Consultation and clearance Baseline EKG Echocardiogram & stress test (if indicated)

Pulmonary: Consultation and clearance CXR Sleep study to rule out sleep apnea (if indicated)

Psychological consultation: Evaluation and clearance required

Endocrine Consultation: Required if you have an endocrine condition such as diabetes or hypothyroidism.

Nutritional Consultations: Our office requires you have at least 2 nutritional counseling appointments before surgery. At least one of them *must* be with our nutritionist. Your insurance carrier may require more nutritional counseling so it is important to know their requirements.

Other Requirements: The Bariatric Coordinator will also help you with the following:

- **Support Group Attendance:** Must attend at least 2 support groups before surgery.
- **Pre-Operative Class:** Mandatory attendance one to two weeks before surgery to learn about nutrition, medication, preparation for hospitalization and the in-patient/discharge process.
- **Pre-Admission Testing:** Done at Laredo Medical Center one to three days prior to surgery. No appointment needed, you can walk in. Register at the admitting department.

○ Hours: Mon-Thu 6am to 6:30 pm, Fri 6am to 5:30pm and Sat 7:30am to 11:30am
